

Dear First Grade Families,

We are very excited about our next school year. Below you will find the list of supplies your child will need for First Grade.

Note that supplies are separated into two columns. **Please only send your child to school on the first day with supplies listed under the first column.** They should be able to carry their “1st day of school” supplies themselves in a plastic bag. The rest can be sent to school (with them) throughout the month of September.

Also, please **DO NOT label supplies with your child’s name** – all of it will be shared.

*Please do not send supplies that are not listed above (such as pencil cases, scissors, etc.) unless your child’s teacher requests it and do your very best to buy the items above as specifically described* (the right size, color, etc.) as they were carefully selected based on age-appropriateness and classroom organization (especially for the pens, notebooks, folders and post-its)
