

Dear Parents & Guardians,

An early welcome to Kindergarten! As we wrap up the school year, we would like to provide you with the following information. In order to best prepare your child for Kindergarten, it is suggested that you continue to practice letter recognition and sounds with your child, as well as practice writing the letters throughout the summer (both upper and lowercase). This will allow for a smooth transition into Kindergarten, where the demands and expectations are quite high. The collaboration between home and at school is very important and will greatly help to ensure the success of your child. We are looking forward to an exciting new school year.

In addition, a supply list is being provided should you want to get a head start on school supplies. Folders & notebooks should be labeled with student's name, all other supplies we be communally shared. **Please make sure that you get a backpack that is large enough to fit a standard size folder.** Your child will be coming home with lots of work next year and we want to make sure it doesn't get ruined!

In order to avoid an overload of supplies on the first day of school, you will notice that the supply list requests some things to be brought on the first day, and other things to be brought in at your leisure by the end of September. We do recommend bringing things in when you are dropping off your child so they can be left in the classroom. Please be sure to label all of your child's things, especially sweaters, lunch containers and water bottles!

Thank you for your cooperation. Have a great summer. See you in September!
